

**Colyte/Golyte/Nulytely**  
**Colonoscopy Preparation Instructions**

A prescription from your physician is needed for this preparation.

**Please read all instructions carefully**

If you need to cancel your appointment, please contact the office at least Five (5) days prior to your procedure. If the office does not receive cancellation 36 hours prior to your procedure a fee of \$125 will be applied. For your convenience, there is an afterhours cancellation line.

**7 Days Prior To Procedure**

- Stop aspirin, products containing aspirin, Aggrenox, Alka-seltzer, iron supplements, vitamin supplements containing vitamin E & C, garlic, Ginseng, Ginkgo Bilbao, Ginger, saw Palmetto, Pepto Bismol, multivitamins, fish oils, or any other herbal supplements.
- Avoid eating seeds and foods containing seeds (such as grapes, berries, etc.)
- Avoid popcorn, nuts, corn, beans & poorly digestible vegetables (corn, broccoli, cauliflower, etc.)
- Stop non-steroidal inflammatory medications (NSAIDS) such as Motrin, Advil, Aleve, etc.
- Tylenol is permitted.

**5 Days Prior To Procedure**

- Stop anti-platelet agents (Ticlid, Plavix, Pletal, etc.)

**4 Days Prior To Procedure**

- Stop Coumadin/Warfarin

**\*\* If you do take Coumadin/Warfarin, Lovenox, anti-platelet agents (Ticlid or Plavix) you must consult with your cardiologist or primary care physician regarding discontinuing these medications. If you have been instructed to continue any of these medications, you must advise your gastroenterologist prior to the procedure. \*\***

### **1 Day Prior To Procedure**

- You should consume at least 64 ounces of liquid during the day prior to your colonoscopy.
- **Clear Liquid Diet** (This includes breakfast, lunch, and dinner.)
- **You may eat:**
  - Fat free bouillon & both , consommé
  - Strained fruit juices (no pulp), ginger ale, sprite, water – any clear liquid.
  - Plain coffee (black)
  - Plain tea
  - Sports drinks- such as Gatorade
  - Gelatin (Jell-o)-not red, purple or orange
  - Italian ices/fruit ice popsicles - not red, purple or orange
  - Hard Candy

### **The Evening Before the Procedure**

- At 7 PM the evening before your procedure:
  - Mix preparation as per instructions.
  - Drink an 8 oz glass of preparation every 10-15 minutes.
  - Have **nothing** to eat or drink after Midnight. **NOT EVEN WATER.**

### **Please Avoid:**

- Milk & milk products on the day prior to your procedure.
- Do not drink beverages containing red or purple dye.

**Follow instructions above to minimize the risk of serious bleeding if a polyp is removed or biopsy taken to ensure good preparation.**

### **Important Information To Know**

Even if you have clear loose stools, please continue the prep.

You may have nausea while drinking the solution, but you should try to drink all of the drink to ensure adequate preparation.

If there is significant nausea, cramping or bloating, you may temporarily slow the pace of ingestion.

Individual responses to laxatives vary greatly. Preparation often starts working within one hour but may take longer than 4. Remain close to a toilet as multiple bowel movements may occur.

You may drink clear liquids (as specified on previous page) until midnight day prior to your procedure. No further drinking is allowed until after the procedure is completed the following day.

Take your blood pressure/heart medications the morning of your procedure with a slp of water.

Diabetics should not take diabetes medication the morning of the procedure.

If you are a diabetic, please check with your primary care physician or endocrinologist about taking your diabetic medication.
