To our patients:

We are delighted to announce that Scarsdale Medical Group has finalized its partnership with White Plains Hospital.

Since 1957, Scarsdale Medical Group has been fully committed to enhancing the health of our patients by providing high-quality care delivered with compassion and respect. Our partnership with White Plains Hospital will benefit the communities and patients we jointly serve. It will ensure our patients have the full spectrum of their healthcare needs met in a convenient, efficient manner.

We want to assure you that the physicians of Scarsdale Medical Group will continue to provide the same high level of care that you have come to expect. Through our partnership, we are able to offer our patients access to a wider range of clinical services and resources.

Additionally, we will soon integrate into one electronic health record system. This will make it easier for doctors in the community to coordinate your care.

By aligning our efforts with the #1 Hospital in Westchester, we hope to enrich the healthcare experience for our patients. We are happy to answer your questions and address your concerns as our partnership evolves. You may direct any questions to [smginquiries@scarsdalemedical.com](mailto:smginquiries@scarsdalemedical.com).

Thank you for continuing to entrust your care to Scarsdale Medical Group.
